BRUNSWICK HOUSING OPPORTUNITIES (BHO)

Brunswick Housing Opportunities (BHO) was birthed from one person in 2006 organizing a simple community meeting to ask the question, “Why can’t our local Sheriff’s Deputies, teachers, municipal workers and nurses, who use their energy and expertise in service to the residents of Brunswick County, afford to live here?” Thus began the Brunswick Workforce Housing Initiative, a housing advocacy campaign to make workforce housing a priority in Brunswick County.

BHO offers the following programs:

- Homeward Bound Housing Services Group - Financial Education, Wealth Creation and Financial Sustainability through Home ownership;
- Brunswick Housing Coalition - Community voice and advocate for policy and standards that reflect the community Guiding Principles; and
- Building the Future - Residential and Community Commercial development
