TYRRELL COUNTY CDC

Tyrrell County Community Development Corporation was incorporated in October of 1992 and received tax exempt status in February of 1994. The organization's commitment of providing human capacity building was and currently is the main focus of the organization. The three main objectives of the organization are education, economic development and environmental protection. In the later years, that focus led the organization to be committed to the value of the triple bottom line: social justice, environmental justice and economic justice.

### Accomplishments

- Served 200+ youth (through Youth Conservation Corps Program, Internships and Summer Camps)
- Served 75+ Potential Entrepreneurs through the implementation of startup businesses
- Served 50+ church members with healthy eating education and community garden program
